

On the *5th* day of Christmas Hedrick gave to me...

Liebert Mini-Mate 3 from Vertiv™ :

The new Liebert Mini-Mate 3 from Vertiv™ is the world's most efficient and reliable ceiling-mounted precision cooling system for edge computing and other small IT spaces.

- 4-ton and 5-ton air-cooled models
- iVariable capacity compressor
- Variable Speed, direct-drive EC motor/blower
- Rapid reaction: Instantaneous reaction to load changes
- Liebert® iCOM™ Control with wall-mount 9" touchscreen display
- Mobile app for remote monitoring
- Lower operating and maintenance costs due to load-matching and reduced cycling
